Docket No. 98N-1265
Food and Drug Administration
5600 Fishers Lane
Rockville, MD. 20857

I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS: I ask that the memorandum of understanding
be opposed and that specialized pharmacies be allowed
to continue providing compounded medications. Also
that compounded prescriptions medications for
personal use be allowed to cross state lines.
This allows for individual treatment not "one size
fits all." All of us are unique and deserve the
right to choose what we feel is in our best interest
with the help of our physician. Don't take that
choice away from us.
